Scholarship/Cotillion 2011-2012

Phi Phi Omega Chapter of Alpha Kappa Alpha Sorority, Incorporated in partnership with Friends for Life Foundation is pleased to present the **2011-2012 Alpha Pearls Scholarship/Cotillion Program**. The program is designed to highlight academic achievement by celebrating the accomplishments of young women and preparing them for success in our dynamic and diverse society. We believe the debutante experience can generate a return to past values, create a greater focus on friendship, social consciousness, poise and etiquette. The debutante experience culminates with the Cotillion ball.

The process begins with information packets being mailed to young women who are high school juniors and seniors living in the North Fulton and Greater Atlanta area. Interested women are required to submit an application including community service history and academic records. The selection committee will invite qualified young ladies to become debutantes.

Participants in the Cotillion program are exposed to a variety of activities including community service, leadership development, economic and health education. This program is designed to create lifelong friendships and lasting memories.
